LACCATI OPACHI SPECIALI SPECIAL MATT LACQUERED

ANTEDOORS MT300

Le ante di forte spessore (20mm) sono realizzate in laminato post-formato opaco per i legni e in polimerico lucido nelle tinte unite, tutte bordate in tinta. Teak, Molveno Bianco e Molveno grigio sono le finiture laminate, Bianco lucido ed il Tortora lucido i polimerici. Le ante laccate opache sono realizzate in MDF.

The doors of tough thickness (20 mm) are realized in post-formed laminate in matt finishes for wooden colours and glossy finish for polymeric doors, all edged tone-on-tone. Teak, White Molveno, Grey Molveno are the laminate finishes, Glossy white and Glossy dove grey the polymeric ones. The matt lacquered doors are realized in MDF.
